- ☞ Spring seed packets arriving soon.
- ☞ Purchase seed starter kits. Cell-packs, jiffy pots, wall o' water.
- ☞ Still have containers full of dirt? Time to dump the old soil into the compost pile and clean up the container.
- ☞ Check indoor plants for any fungus gnats flying around the posts or in the potting soil. Use insecticidal soap to help control pests.
- ☞ Decorate with houseplants. Raise the humidity level by setting plants in saucers containing gravel.
- ☞ Purchase Mike Miller's "Month-by-Month Gardening in Illinois." Great tips!
- ☞ Mentally start planning your garden.
- ☞ Feed the birds! They are looking for a handout at this time. Come see our heated birdbaths. And don't forget to bring your coupon below!

The Garden Kingdom is **YOUR BIRDING HEADQUARTERS**. Our store is stocked full of first class feed for the feathered friends in your yard. Sunflower and thistle are high energy food. We have just 1 more heated birdbath available for the season. This is an essential item for your winter habitat. Plenty of time left to use it. Birds love 'em. Suet is a high energy food that helps birds stay warm. Hang a roost pocket from your tree to protect birds from the elements. Lot's of houses, nesting material and feeders. Bluebirds start nesting in February. Be ready.
